

MPO Fiber module Cassette

LC to MPO and SC to MPO Fiber modules provide a quick and efficient way to deploy up to 24 LC or 12 SC fiber ports in a single module. These factory terminated and tested ports are protected within the housing for reliably high performance and simply connected via 12-strand MPO ports. Modules are available in Multimode (62.5/125, Standard 50/125 and OM3, OM4) and Single mode cable.

Features:

- ◆ Easy and fast installation
- ◆ High-density and small design;
- ◆ Metallic shell with high strength protect the inner fibers effectively
- ◆ Factory-terminated and -tested cable and apparatus for instant field connections with guaranteed quality and performance
- ◆ 12-fiber MPO connector-based modular design enables simple connections
- ◆ Supports easy reconfiguration for moves, adds, and changes
- ◆ Dimension: Height x Width x Depth(mm) : 30 x 130 x 140

Application:

- ◆ Data Centre Infrastructure
- ◆ Storage Area Network-Fiber Channel
- ◆ Emerging 40 & 100Gps Protocols
